

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

**The Visitations of the County of
Nottingham**

In the Years

1569 AND 1614,

WITH

MANY OTHER DESCENTS OF THE SAME COUNTY.

EDITED BY

GEORGE WILLIAM MARSHALL, LL.M.

LONDON:

1871.

WINDSOR ST

At a Meeting of the Council of the HARLEIAN SOCIETY, held at 8, Danes Inn, London, W.O., on the 16th day of March, 1871, the HON. HENRY ROPER-CURZON in the Chair, it was resolved that—

“The VISITATION OF NOTTINGHAM IN 1569 AND 1614, to be edited by G. W. MARSHALL, be the Second Publication for the Present Year.”

Preface.

THE following pages are a copy of Harleian MS. 1555, together with such additions as can be supplied by collating it with Harl. MS. 1400. Harleian MS. 1555 was for the most part written and tricked by Richard Mundy, and contains the Visitations of Nottinghamshire made in 1569 and 1614. Harleian MS. 1400 contains professedly the Visitation of 1614; was partly written by John Withie, but mostly by Jacob Chaloner and others. The pedigrees in this MS. are far less complete than those in the former, nevertheless they have enabled me to add considerably to many of them. Taking Harleian MS. 1555 as the copy to be edited, I have added to the pedigrees it contains every scrap of additional information furnished by Harleian MS. 1400; and whenever the MSS. differ in the names of persons, places, or blazon of arms, I have given the different reading, and appended the words "Harl. 1400" in parentheses. It may not be thought unnecessary to say a few words in justification of this course. When I undertook to edit for the Harleian Society the Visitation of Nottinghamshire taken in the year 1614, I was not aware that it would be impossible to separate it from that of 1569, but having afterwards come to this conclusion on a closer examination of the Harleian MSS. containing Visitations of Nottinghamshire, I determined to solve the difficulty by producing both. Undoubtedly the best copy of them is that in Harleian MS. 1555, which forms the staple of this work, but the supplementary matter to be gathered from Harleian MS. 1400 appeared to me to be too valuable to be omitted, and, at the same time, that MS. does not differ so much from the former that its contents would be worth producing as a separate volume. I hope therefore that by incorporating the two, I shall be deemed to have done most service to the members of the Harleian Society.

The first Visitation of Nottinghamshire, if the few pedigrees recorded in Tonge's Visitation of the northern counties are worthy to be considered as such, was taken in the year 1530, and has been printed in the 41st volume of the publications of the Surtees Society.

The second and third Visitations, taken in 1569 and 1575 by Robert Glover, Somerset Herald, both appear to be included in Harl. MS. 1555. There are two books in the College of Arms purporting to be copies of these Visitations, one lettered "Glover's Visitation of the North, 1569 and 1575," with the following on the title page,—“The Original draught of some Descents of certain Gentlemen residing in the counties of Stafford Derby Yorke Nottingham and Northumberland, taken in the yeares 1569 and 1575 by that most skilful & industrious Antiquary Robert Glover Somerset Herauld Deputy and Marshall to William Flower Norroy King of Armes. Ex dono Willi' Dugdale Norroy Regis Armorum, 2 Junij, A°. 1676.” The other (Vincent MS. 117), though entitled the Visitation by Flower and Glover in the above years, appears principally to be that of 1614 with some additions.

The fourth Visitation, that of 1614, was taken by Sir Richard St. George, Norroy; the original copy is in the College of Arms (MS. C. 9). Only a few of the pedigrees are attested by the signature of the gentlemen who recorded them.

The last Visitation was begun by Wm. Dugdale in 1662, and finished in 1664. The original is in the College of Arms, MS. C. 34, and contains pedigrees of the following families:—

The Council has selected the Visitations of Oxford in 1574 and 1634 to follow that of Rutland, and the Visitation of Nottingham in 1614 to follow those of Oxford.

Report for the Year 1870-71.

THE Council has to call the special attention of Members to the Society's progress during the past year.

One hundred and seventy Members had joined the Society in May, 1870, and since then this number has been augmented by nearly one hundred Members, the total being now two hundred and sixty-seven.

From the Society's formation to the present time, only one Member has withdrawn, two are dead—Colonel BRADBURY and Rev. DAWSON DUFFIELD, Rector of Sephton,—one name has been struck off from the list in consequence of no Subscription having been paid, and two subscribed for the purpose of obtaining the 'Leicester Visitation' only.

Since the last Report the Society has published 'The Visitation of Leicestershire in 1619,' by LENNARD and VINCENT, edited by JOHN FETTERSTON, jun., Esq., F.S.A., and the 'Visitation of Rutland in 1618,' edited by the Honorary Secretary.

There are in the press at the present time 'The Visitation of Oxford in 1574 and 1634,' edited by W. H. TURNER, Esq. and 'The Visitation of Nottingham in 1614,' edited by G. W. MARSHALL, Esq., LL.M. These works will shortly be ready for distribution.

The 'Visitation of Devon,' to be edited by the Rev. F. T. COLBY, F.S.A., will at once be proceeded with, and it is hoped that this Work will be ready for distribution early next year.

Since the last Report an arrangement has been made with the Surrey Archæological Society for the use of a room at 8, Danes Inn, for meeting, by payment of five pounds a year.

The Balance-Sheet is appended for the inspection of Members, and it is hoped that the expenditure may be considered satisfactory.

The Council desire to impress upon the Members the necessity of paying their Subscriptions in advance, and of making the Society known among their literary friends. Copies of Prospectuses and Forms of Application for Membership can always be obtained by applying to the Honorary Secretary or to Mr. SMALLFIELD, 10, Little Queen Street, High Holborn, W.C.

The Subscriptions should be remitted to the Honorary Treasurer, 3, Dartmouth Row, Blackheath.
